Good afternoon:

UNMH prepared these draft plans addressing all 17 areas contemplated by the Medical CAP and submitted them to Dr. Kumar earlier this month prior the filing of Plaintiffs' motion.

During their weekly meetings, Dr. Kumar indicated general agreement with the big picture plans. However, he provided some feedback which has been incorporated resulting in an updated plan of today's date. UNMH anticipated finalizing these plans with Dr. Kumar during their meeting tomorrow, but at this point does not anticipate much of the substance to change given his initial feedback. However, please keep in mind, they might. The deadlines are blank based upon conversations with Dr. Kumar and feedback about the appropriate order in which to address these tasks.

On another note, UNMH generally provides CAP updates around the 15th, thus CAP plans finalized after the 15th generally may not be produced to Plaintiffs until the following CAP update cycle.

Thank you,
